

OFF MARKET — C A R S —

Off Market Cars is a dealership specialized in the purchase and sale of luxury cars and low mileage vehicles. We present a unique opportunity for foreign clients, not residents of Andorra, to register vehicles in the principality, thus benefiting from a tax rate of only 4.5%.

SAVE MONEY WITHOUT HAVING YOUR RESIDENCE IN ANDORRA

FIND OUT HOW

Andorra offers MT license plates, also called “tourist license plates.” These plates allow individuals who are tax residents outside the European Union to register their vehicle in Andorra, thus paying a tax rate of only 4.5%. It should be noted that according to Andorran law, the vehicle cannot be driven in the country in which the client has that tax residence but it can be driven in the rest of the world (excluding Andorra).
